ABSTRACT

This sixth in a series of such catalogs lists 330 items pertaining to foreign language instruction that were accessioned by all Educational Resources Information Center (ERIC) Clearinghouses from May 1970 through October 1970. Entries are organized alphabetically, and a 13-category user index assists in pinpointing items relevant to particular interests. Also supplied are prices for microfiche or hard copy reproductions, ERIC document numbers, and availability information. For related documents see ED 026 924, ED 029 538.,ED 033 643, ED 037 150, and ED 044 990: (WB)

SUBMITTING DOCUMENTS TO ERIC

Obviously, the success of the ERIC system depends on its being widely used by the educational community it is designed to serve. But to an even greater extent its success depends on the acquisition of current, significant documents. Without these the system cannot exist. *Here we turn to you for help.* We request that every author make a practice of insuring that the MLA/ERIC Clearinghouse receives two copies (if possible) of any document he thinks meets our "Standards and Procedures Followed in Determining Acceptability of Documents to the MLA/ERIC Collection." (If the document falls under the scope of the ERIC Clearinghouse at the Center for Applied Linguistics, we shall forward it there.) We seek not only your typical research reports with their hypotheses, test methods, and findings, but also published and unpublished conference papers, newsletters, speeches, curriculum guides or studies, interim project reports, books, and other works that you believe will have value for FL teachers, administrators, researchers, and the public. If the document is typed, mimeographed, or dittoed, the copy should be sharp and clear or it cannot be processed. If the document is copyrighted, it will *not* be processed into the ERIC Document Reproduction Service (EDRS) without written permission. But if accepted, *information about it* (bibliographical data, abstract and indexing terms) will be prepared and processed into the Central ERIC computer system so that it will appear in retrieval bibliographies and be otherwise publicized in the ERIC system. *No language-teaching materials (e.g., texts) will be considered by MLA/ERIC.*

IMPORTANT NOTE ON EDRS PRICE

Since this list of ERIC documents was set in type, the ERIC Document Reproduction Service (EDRS) has made a change in prices that is not reflected in the contents of this publication:

(1) The cost of *microfiche* is $.65 *per title,* regardless of the length of a document.

(2) The cost of *hard copy* for any ERIC document announced here or in any list published before March 1971 will no longer be calculated on a $.05 per page basis. Instead, prices will be determined by the following schedule:

Pages (From - To)	Hard Copy (HC) Price
1 - 100	$3.29
101 - 200	$6.58
201 - 300	$9.87
301 - 400	$13.16
401 - 500	$16.45
501 - 600	$19.74
601 - 700	$23.03
701 - 800	$26.32
801 - 900	$29.61
901 - 1,000	$32.90

For documents over 1,000 pages in length add $3.29 for each 100 page increment. ERIC documents which appeared originally in professional journals or newsletters, and for which the number of pages is not given, cost $3.29 in hard copy.

(3) The handling charge of $.50 for each order from the EDRS has been discontinued.

ERIC Documents on the Teaching of Foreign Languages: List Number 6

Carolyn Monka

This is the sixth in a series of catalogues of those documents related to the teaching of foreign languages which may be obtained in microfiche or hard copy from the ERIC (Educational Resources Information Center) Document Reproduction Service. The list was compiled by means of a close search of computer-generated catalogues of comprehensive ERIC accessions which have been fully processed into the system by the U. S. Office of Education, the MLA/ERIC and CAL/ERIC Clearinghouses, and other ERIC Clearinghouses from May 1970 through October 1970. Attention is called to the fact that a significant number of ERIC documents having primary interest in other fields (e.g., psychology, administration, linguistics, etc.) also have some relevance to foreign language teaching but are not included here.

This is not a classified bibliography; entries have been listed only in alphabetical order. However, a USER INDEX is provided below which will help the reader identify documents on thirteen special topics. (Since all documents accessioned into the ERIC system are subjected to a coordinate indexing procedure and in each case bibliographical information, abstract, and indexing terms are stored on magnetic tape, eventually computer-generated bibliographies on special topics will be a reality.)

Purchase data for each document appears in brackets. "MF" means microfiche; "HC" means hard copy. For instructions on purchasing ERIC documents, see the page entitled "About ERIC."

The number of pages is given for separate reports, curriculum guides, surveys, etc., but not for ERIC documents which appeared originally in professional journals or newsletters. To compute the number of pages in the latter items, divide the hard copy (HC) price by 5 and subtract 2 (e.g., HC price of $0.45 means the article consists of seven pages).

HOW TO LOCATE AN ABSTRACT

The concluding information [after the purchase data in brackets] refers the reader to the place where he can examine an abstract of any document [e.g., *RIE* (Jul 1970) 82].

RIE Research in Education, November 1966–. *RIE* is a monthly abstract catalogue of reports, studies, articles, etc., which have been processed into the ERIC system since 1966. Order from Superintendent of Documents, U.S. Government Printing Office, Washington, D. C. 20402 (subscription per year: domestic, $21.00; foreign, $26.25; single issue, $1.75). References to *RIE* give month and year of issue and page number.

User Index

Documents relevant to each of thirteen subjects are identified below by the *bibliography citation number*. For two broad subjects, TEACHING TECHNIQUES and BILINGUALISM, the choice of documents has been selective, but the discerning reader will find other relevant items in "List Number 6." Occasionally a document is identified under more than one subject. The thirteen topics were chosen because they reflect the bulk of inquiries that have been received at the MLA/ERIC Clearinghouse on the Teaching of Foreign Languages.
